

N° 7

Telling Time

5, 10, 15, 20, 25, 30, 35, 40

45, 50, 55, 60...

Telling time is really nifty.

8 o'clock

I rise from bed,
Do my teeth
After I'm fed.

At 8:15

I bike to school,
Ride with care,
Not like a fool.

8:30 now

Or half past eight,
Can't afford
To be there late.

8:45

The school bell rings;
Lockers slam
As kids grab things.

5, 10, 15, 20, 25, 30, 35, 40

45, 50, 55, 60...

Telling time is really nifty.

It's 9 o'clock,
Classes start;
We like school.
It makes us smart.

9:05

The anthem plays;
That's how we start
Each single day.

9:10 now

The teacher speaks
And tells us what
We'll do this week.

9:15 or

Quarter past,
We learn so much
We learn so fast.

5, 10, 15, 20, 25, 30, 35, 40

45, 50, 55, 60...

Telling time is really nifty.

9:20 now
The minutes pass;
It's so much fun
In our class.

9:25
I choose my book;
I like just how
The pictures look.

9:30 now
Or half past nine;
So far my day
Has been just fine.

9:35
Is sometimes said
"It's 25 to 10"
Instead.

5, 10, 15, 20, 25, 30, 35, 40

45, 50, 55, 60...
Telling time is really nifty.

9:40 ... the
Big hand's at 8.
One tardy kid
Has walked in late.

9:45 ... or
Quarter to 10;
I glance at the clock
Now and then.

9:50 now
Or 10 to 10;
One famous clock
Is called Big Ben.

9:55

And then it's 10,
When a new hour
Starts again.

5, 10, 15, 20, 25, 30, 35, 40
45, 50, 55, 60...
